

## Kétdodony Községben

84 900 000 HUF

For sale is a family house in the picturesque Kétdodony, at the bottom of the forest!

The house was built in the late 1990s, made of HB - 38 thermal insulation block bricks, with an E-beam ceiling, tiled roof, and 10 cm attic insulation.

The heating is provided by a condensing gas boiler that was replaced a few years ago, with underfloor heating and radiator heat transfer on the ground floor, and radiators in the basement and attic.

There is also a fireplace in the living room.  
Hot water is provided by electric boilers.  
We also have 3 phases, with "night power".

The current owner has renovated many things in the property in addition to modernizing the heating, such as replacing the coverings, creating another room in the attic, transforming the bathroom above, renovating the kitchen and dining room, re-tiling the terrace, etc.

The house has an alarm and camera system.

We can keep our car in the garage with an electric door, where we can park up to two cars and there is plenty of space for storage. (81 m2)

A beautifully arranged garden with fruit trees, at the foot of ...
